

I Won't Think Twice

Jeanette

I won't think twice, I am your baby
you will see
When it comes to love, I am what you dream of
fantasy
when it comes to sex, you can't be perplex

would you like to hear what I say
I don't wanna wait for you today
you better listen up, oh baby
gonna do the things my own way

I won't think twice, I am your baby
I won't think twice, I am your baby
Tonight - you will do it right

you can't escape, no way
if you're all alone, go get on your phone
and talk to me
later we will see, what's it gonna be
fidelity
baby please don't go astray

if you wait too long, I can't say
that my love's not getting to decay

come on over here to my place
I won't think twice, I am your baby
I won't think twice, I am your baby
Tonight - you will do it right

I won't think twice, I am your baby
I won't think twice, I am your baby
Tonight - you will do it right

I won't think twice, I am your baby
I won't think twice, I am your baby
Tonight - you will do it right
