

## I Won't Think Twice

Jeanette

I won't think twice, I am your baby  
you will see  
When it comes to love, I am what you dream of  
fantasy  
when it comes to sex, you can't be perplex

would you like to hear what I say  
I don't wanna wait for you today  
you better listen up, oh baby  
gonna do the things my own way

I won't think twice, I am your baby  
I won't think twice, I am your baby  
Tonight - you will do it right

you can't escape, no way  
if you're all alone, go get on your phone  
and talk to me  
later we will see, what's it gonna be  
fidelity  
baby please don't go astray

if you wait too long, I can't say  
that my love's not getting to decay

come on over here to my place  
I won't think twice, I am your baby  
I won't think twice, I am your baby  
Tonight - you will do it right

I won't think twice, I am your baby  
I won't think twice, I am your baby  
Tonight - you will do it right

I won't think twice, I am your baby  
I won't think twice, I am your baby  
Tonight - you will do it right
