

In Or Out

Jeanette

Tell me how long we've been going back and forth
It's like we're standing still
I'm left here wanting more
So many times the easiest things are tough
So many times I wished that I could give you up

I'm stuck in the middle
More than just a little
Sick of waiting for your love
Now I'm tired of this riddle
Can't we keep it simple ?
Tell me are you in or out ?
In or out - In or out
In or out - In or out

While I've gone and closed my heart around you
You seem to keep all doors open to slide out through
I don't think I asked for too much
But I need a little more than just a weekly touch

I'm stuck in the middle
More than just a little
Sick of waiting for your love
Now I'm tired of this riddle
Can't we keep it simple ?
Tell me are you in or out ?
In or out - In or out
In or out - In or out
In or out - In or out
In or out - In or out

Tired of being sad
I want all or pass
Please make up your mind
Rather be with you but I'm not your fool
I'm nothing you leave behind

I'm stuck in the middle
More than just a little
Sick of waiting for your love
Now I'm tired of this riddle
Can't we keep it simple ?
Tell me are you in or out ?

I'm stuck in the middle
More than just a little
Sick of waiting for your love
Now I'm tired of this riddle
Can't we keep it simple ?
Tell me are you in or out ?
In or out - In or out
In or out - In or out
In or out - In or out
In or out - In or out
