

It's Over Now

Jeanette

You heard me right
We can't make it good
And that is why
It's no use to try

You are in a way what I expected
You see I can say that I reflected
All the time

It's over now
The end is near
I wanna stop being in love
But that surely comes as no surprise
It's over now
I'll find my way
You're gonna take your love someplace
That is what I'm reading from your eyes

Empty is my heart
Gotta find a start
This world goes on
Now that you are gone

You are in a way what I expected
You see I can say that I reflected
All the time

It's over now
The end is near
I wanna stop being in love
But that surely comes as no surprise
It's over now
I'll find my way
You're gonna take your love someplace
That is what I'm reading from your eyes

From your eyes
Oh baby it's over now

It's over now
The end is near
You're gonna take your love someplace
That is what I'm reading from your eyes

Oh
Hey
