

# Run With Me

Jeanette

Ain't no way you're lockin' me up  
I'm just keepin' the key  
Slam the door when it's gettin' too much  
Gonna let myself free

Damn now - run with me  
Leave it all behind  
Damn now - run with me  
Bang your head tonight

Take your life to the ultimate high  
You can follow my way  
Don't look back to the others now  
You'll be doing ok

Damn now - run with me  
Leave it all behind  
Damn now - run with me  
Bang your head tonight

Use our force - might get a surprise  
Cause we've got it inside  
Bring it out-our courage is strong  
We'll be shinin' bright

Damn now - run with me  
Leave it all behind  
Damn now - run with me  
Bang your head tonight

Ain't no way you're lockin' me up  
I'm just keepin' the key  
Slam the door when it's gettin' too much  
Gonna let myself free

Damn now - run with me  
Leave it all behind  
Damn now - run with me  
Bang your head tonight

Oh - everybody is running with me  
Oh yeah - hey hey hey  
Everybody is running with me - yeah yeah

Take your life to the ultimate high  
You can follow my way  
Don't look back to the others now  
You'll be doing ok

Damn now - run with me  
Leave it all behind  
Damn now - run with me  
Bang your head tonight

Use our force - might get a surprise  
Cause we've got it inside  
Bring it out-our courage is strong

We'll be shinin' bright
