

Stop

Jeanette

I was chillin' with my girlfriends at a Party
you promised me some pleasure
and it seemed to be attractive to get naughty
so we went right upstairs together
it was clear to me as soon as we were ready
I would want you next to me
so I've asked you still that night to see me steady
and you said it was all right

You've got to stop-baby, it's not
all that hot to be in love with you
it's got to stop-baby, I'll drop
you right here and find somebody new
you've got to stop-darlin', it's not
all that great to stay so close to you
it's got to stop-your damn last shot
don't feel bad to make you really blue

And the time passed by, I started realizin'
You kept me in a prison
felt like breakin' free and that was not surprisin'
I sensed the end had just arisen
then I told you all about the situation
You didn't make me happy
'twas a peaceful offer for a separation
but you immediately got angry

You've got to stop-baby, it's not
all that hot to be in love with you
it's got to stop-baby, I'll drop
you right here and find somebody new
you've got to stop-darlin', it's not
all that great to stay so close to you
it's got to stop-your damn last shot
don't feel bad to make you really blue

There must be a guy who can supply some lovin'
I'm gonna out a single
better know that what I fell for you is nothin'
Be sure that I will really mingle
an' I'm dressin' up in Leather for my Darlin'
that makes him feel dynamic
an' I won't reply no more to all your callin'
from now on I'll be polygamic

You've got to stop-baby, it's not
all that hot to be in love with you
it's got to stop-baby, I'll drop
you right here and find somebody new
you've got to stop-darlin', it's not
all that great to stay so close to you
it's got to stop-your damn last shot
don't feel bad to make you really blue
