

To fall in love

Jeanette

I am denounced
To be easy going
What can I do
Got my juices flowin'

I gotta take a little time
To rearrange my line
Can't be givin' it away
Just livin' for today

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

You are too proud
Better take your hands off
That's not allowed
For my game - it ain't rough

I gotta take a little time
To rearrange my line
Can't be givin' it away
Just livin' for today

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad

'Cause it changes sometimes
So divine
