To fall in love

Jeanette

I am denounced
To be easy going
What can I do
Got my juices flowin'

I gotta take a little time To rearrange my line Can't be givin' it away Just livin' for today

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

You are too proud

Better take your hands off

That's not allowed

For my game - it ain't rough

I gotta take a little time To rearrange my line Can't be givin' it away Just livin' for today

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad
'Cause it changes sometimes
So divine

To fall in love
It is ev'rything you can get
Ain't got enough
To be stayin' here with me
This short term lovin' ain't bad

'Cause it changes sometimes So divine
