

Upright

Jeanette

I gotta be livin' upright, 'cause they say
You should never be too tight, girl - here today
I wanna do something special with my life
So I'll adjust my thinkin' - do it right
An' I have seen you've really touched my heart

I am a girl
Who likes to swim against the tide
My time has come
I hope you will stay on my side tonight
It is Ok
I know there's nothin' you could hide away

I gotta be livin' upright, 'cause they say
You should never be too tight, girl - here today
I wanna do something special with my life
So I'll adjust my thinkin' - do it right
An' you have come to me to fit the part
An' I have seen you've really touched my heart

I'm givin' up
I just can't let you leave again, no no
Can't make it stop
You are my most important man, my friend
Does feel all right
It shoulda be enough for us tonight

I gotta be livin' upright, 'cause they say
You should never be too tight, girl - here today
I wanna do something special with my life
So I'll adjust my thinkin' - do it right

It is OK
I'll prove to you, so you will see you'll have to stay
today

I gotta be livin' upright, 'cause they say
You should never be too tight, girl - here today
I wanna do something special with my life
So I'll adjust my thinkin' - do it right
An' you have come to me to fit the part

I gotta be livin' upright, 'cause they say
You should never be too tight, girl - here today
I wanna do something special with my life
So I'll adjust my thinkin' - do it right
An' you have come to me to fit the part
An' I have seen you've really touched my heart
