

Win Your Love

Jeanette

Tell me what I would have to do to win your love
Tell me how I need to behave to have enough
I wanna know what I can say
So I won't have to wait all day
I wanna give just what it takes to be with you

I see - how it could be
My way - leadin' to pleasure
You know - lettin' it flow
Stoppin' the show
I feel it ain't too real
You say - doin' some thinkin'
I know it isn't so
Goin' too slow

Not givin' up
When you're neglectin'
The way that I feel
It's so attractin'
I'm startin' to go mad

Tell me what I would have to do to win your love
Tell me how I need to behave to have enough
I wanna know what I can say
So I won't have to wait all day
I wanna give just what it takes to be with you

I pray for you to say
Our love can be forever
But you cannot be true
That isn't new
You come - givin' me some
Right here - more to discover
Expect when we connect
No need to act

Not givin' up
When you're neglectin'
The way that I feel
It's so attractin'
I'm startin' to go mad

Tell me what I would have to do to win your love
Tell me how I need to behave to have enough
I wanna know what I can say
So I won't have to wait all day
I wanna give just what it takes to be with you
