

You Call Me On The Phone

Jeanette

You'll callin' on the phone
You know that I'm alone
And then I hear the words
You're doin more than flirt
I just don't know how you're getting' to this
Oh, honey I don't agree
It's such a pretty, pretty day

Turns me on an' on
To feel the warm sun
To see the blue sky
Makes wanna fly
And I have to say
It's great to make out, boy
When it's a sunny, sunny day

You wake me up by dawn
An wanna be my storm
I shove you to the side
To me there's something wrong
Let's just wait now for the sun to be strong
Oh baby, I can foresee
I know the perfect, perfect place

Turns me on an' on
To feel the warm sun
To see the blue sky
Makes wanna fly
And I have to say
It's great to make out, boy
When it's a sunny, sunny day

Don't call me on the phone (5x)

Turns me on an' on
To feel the warm sun
To see the blue sky
Makes wanna fly
And I have to say
It's great to make out, boy
When it's a sunny, sunny day

Don't call me on the phone
