

Me Today And Her Tomorrow

Jeannie Seely

Ever since the day we first met I been thinking thoughts I can't
forget
Like you and me forever and yet one day of week is all I ever get
Cause it's me today and her tomorrow that's the way you want to
live
I want to give you me forever but one day a week is all you want to give
[strings]
Yes it's me today and her tomorrow...
