

Bosco

Jebediah

[Verse 1:]

Hey Bosco, what did you do
To make so many men hate you
You think you're right, they say you're wrong
They've been hassling you for way too long

[Chorus:]

Going out it made you a star
Going out but going too far
Going out expressing your point of view

[Verse 2:]

Hey Bosco, what did you do
To make so many cops want you
They think they're right; you say they're wrong
They've been hassling you for way too long

[Chorus]

[Verse 3:]

(Point of view)

Well I don't want to fake it
And I know you're gonna make it
But you don't have to take it all...
