

Some things will stay the same  
The shape of a power point won't change  
And i won't back away and run  
If you make me feel strange  
She's the hand at the end of the arm  
And she's got a lot to say  
She thinks the world is falling apart  
But that's okay she just wants to be happy  
A place for everything and everything in its place  
I get better, wait and see  
She amazes me it's kinda hard to see in here  
But there's nothing to see so who cares?  
Drank coffee all night and now i can't sleep  
I think i opened a secret file i let her look for a little while  
And now i'm waiting for the ambulance to arrive  
She just wants to be happy a place for everything  
And everything in its place i had better wait and see  
She amazes me  
I couldn't understand the instructions  
And the clock sounds like it's ticking slow  
And this book is in another language  
A language i don't know I used to tie double knots  
But now i couldn't be fucked things are getting stupider all the time  
She just wants to be happy  
A place for everything and everything in its place  
I had better wait and see she amazes me, you're confusing me  
You're confusing me
