

Spoil The Show

Jebediah

[Verse 1:]

I know I've said things I didn't mean to say
And I know I've done thing I didn't mean to do
I'm stupid, pathetic
Sometimes I say, things that I never mean to say
And sometimes I do things I don't wanna do
But we can leave that out

[Chorus:]

I'm waiting for the early sign
That signals everything is fine
I've rocked the boat enough I know
To make a scene and spoil the show

[Verse 2:]

I get jealous, way too easy all the time
And over zealous, way to easy on time
Before I see things straight
Sometimes I say things I never mean to say
And sometimes I do somethings I don't wanna do
But we can leave that out

[Chorus x 2]

The show, the show, the show...
