

# One Thing

Jeff Bates

I wasn't put here on this earth to work like I do all week  
I don't live to punch that clock and come home and eat and sleep

I was made for something more  
And God's made it pretty clear, I'm only here

For one thing and one thing only  
To love you and keep you from ever getting lonely  
To be your rock that never rolls  
To hold your body, touch your soul  
And fill your every need, I'm only here for one thing

How many men walk through this life  
And never even know the reason they're alive  
And then it's time to go but I don't ever have to wonder  
'Cause, baby, when you're near, I know I'm here

For one thing and one thing only  
To love you and keep you from ever getting lonely  
To be your rock that never rolls  
To hold your body, touch your soul  
And fill your every need, I'm only here for one thing

For one thing and one thing only  
To love you and keep you from ever getting lonely  
To be your rock that never rolls  
To hold your body, touch your soul  
And fill your every need, I'm only here for one thing

I'm only here for one thing
