

## Right Now

Jeff Beck

Sign up for fame and sign up for money  
They don't wanna work, they think that's funny  
Famously famous for nothing at all  
Perfectly packaged, no distinguishing feature  
You plastic, fantastic pretty little creature

They want it right now, right now  
Don't know what they want but they want it right now  
Don't know what it is but they want it right now  
Yeah, they want it right now

I want it right now, right now  
Don't know what I want but I want it right now  
Don't know what it is but I want it right now  
Yeah, I want it right now

You karaoke kids think that you have the right  
To win the war without taking part in the fight  
[?] monsters  
So sorry a mansion came crashing to the floor  
But with no foundation, was never gonna weather that storm

We want it right now, right now  
Don't know what we want but we want it right now  
Don't know what it is but we want it right now  
Yeah, we want it right now

Oh, we need this song belief  
Oh, we need this song belief  
Oh, we need this song belief  
Oh, we need this song belief  
Oh, we need this song belief  
Oh, we need this song belief
