

Happiness

Jeff Black

I met a girl in california
Said she'd do anything to please me
I didn't need to realize it
Hey it's just nice to be noticed

I read a book on existentials
I'm just a drop in the bucket
That's where I found a hundred dollars
Hell I'd forgotten where I'd stuck it

I just came across some happiness
So I'm throwing it all around man
I don't know how long it's going to last
So you better take it while you still can

I can't wait for the reason
To get back up to kentucky
Just means we're running out of sorghum
I've got to drive out to the country
