

Heaven Now

Jeff Black

We lay the blanket down
And the summer was gone
In every living thing
He's holding on
These days will change
And we will change as well
Then the morning fell

Hold on with all you've got now
We're about to break
The speed of sound
The speed of sound

Heaven now
Heaven now
Heaven now
The rush is on
And this is all we own
Besides you never know
This could be heaven now

We leave the ground to reach
For something true
Take all these hand me downs
And make them new
Rave on beyond the waiting
And let it go
She's so beautiful

We clear the dream by miles
How does it feel
How does it feel
