

Holy Roller

Jeff Black

Get back you holy roller
Let the poor boy through
He's got a message for you
Let the devil play his dues
He's coming up with his hat in his hand
Salvation army band
Baby play that tambourine

Farrakhan and jerry falwell
Were playing tic tac toe
Make your mark and pass the plate boys
I've got your sweet xo
Somebody's going to get the fatback buddy
We all got to swim big muddy
Best meet me on the other side

Alright mr. goody two shoes
I know where you've been
I know all about redemption
I know all about sin
Wash your hands and wash your face
Let's all gather around and sing a amazing grace
We all ride the same train
