Alligator Wine

Jeff Buckley

Take the blood out of an alligator Take the left eye out of a fish Take the skin off of a frog And put 'em all in a dish, huha

Rifle from the side over your shoulder And count one to nine Like a scary can freezer And you got alligator wine

Alligator wine Your porcupine It's gonna make you mine, huha

It'll make your baby bald
It make your toes freeze
It'll make you stare out your eye balls
It'll make you cough and sneeze, haa choo

You'd be wanting for air But I give you my portion 9 When you drink it, alligator wine, huh

Alligator wine Your porcupine Gonna make you mine, huh
