

Sacred Eyes

Jeff Scott Soto

Can we meet under a velvet sky?
Where red is green, & love has no alibi

There's nowhere, out there
I'd rather be than here
This new ride, inside
Has left me starry-eyed

No, I aint going home, cuz I wanna stay
& when that train's coming through, just send it away

No deadlines,
There's room 4 1 next 2 me
There's no mistakes
Our lives are so wild & free

No, I aint going home, cuz I wanna stay
When they call me 2 leave, just send them away

I live in your dreams & dreams are 4ever
Close your sacred eyes
You're in all my dreams, we're dreaming 2gether
Just close your sacred eyes

In eden stroll along
These words are my favourite songs
I'm wandering this escapade
Don't rain on my love parade

No, I aint going home, cuz I wanna stay
When they call me 2 leave, just send them away

I live in your dreams & dreams are 4ever
Close your sacred eyes
You're in all my dreams, we're dreaming 2gether
Just close your sacred eyes
