

Soul Divine

Jeff Scott Soto

In my mind so clear I never let you get away
& thru the years gone by
I knew I'd finally cross your path someday
Well, I'm dying

In my soul divine (I missed every sign)
Didn't know what I had till you went away
In my soul divine (I crossed every line)
I've seen my darkest days

I - I - I'm left regretting
I - I - know you're not forgetting

You only brought me light
Even on the days I brought you pain
You always saw through darkness
& now I'm left alone in the shame

In my soul divine (I missed every sign)
Didn't know what I had till you went away
In my soul divine (I crossed every line)
I've seen my darkest days

I - I - I'm left regretting
I - I - know you're not forgetting

In my soul divine
In my soul divine

In my soul divine (I missed every sign)
Didn't know what I had till you went away
In my soul divine (I crossed every line)
I've seen my darkest days

In my soul divine (I missed every sign)
Didn't know what I had till you went away
In my soul divine (I crossed every line)
I've seen my darkest days

I - I - alright
I - I - that makes you wonder
Yeah - Yeah - that's it, baby...
