

Have You Seen the Saucers?

Jefferson Airplane

Have you seen the saucers?

for the earth mother?

Do you know there are people out there,
Tranquility base, there goes the neighborhood;
who are unhappy with the way that we care,

American garbage dumped in space,
and no room left for brotherhood.

Have you seen our saucers?

You see our lights in your western skies,

California's rainbow skies;
Your government tells you another missile is flying;
Have you any idea why they're lying,
To you, to your faces!
Did they tell you?

Have you seen our saucers?

Her face was pretty but you let her go!
Your mother needs you now she's getting old

Have you seen our saucers?

Star children on the black road to salvation;
You've got to care for the needs of your planet;
Children of the forest and child of the Woodstock nation;
Catch the dawn that once was there;
First born atomic generation;
Open the door,

don't you know that's what it's for?

Come on and join us,
on the other side of the sun.
