

## Assassin

Jefferson Starship

Something must be done about the lone man  
Gun concealed to carry out his heart of stone plan  
He is eaten up with hate  
Got your attention far too late  
Could you have stopped him if you'd known beforehand

He seemed like such a nice guy  
To his neighbors  
Kept to himself and never bothered them with favors  
Nobody ever knew him  
There was nobody to see through him  
He was left alone to plan the death of his betrayers

Who's gonna be the hangman  
Who's gonna be the judge  
Who's gonna cast the first stone  
Who'll settle up this grudge

It's so obvious the man is guilty  
Tell me who is capable of showing any pity  
Can anybody name the real assassin

No one's gonna take responsibility  
How did this man come out of our society  
Could our intervention  
Have prevented his intention  
Well you know he's gonna plead insanity

Who's gonna be the hangman  
Who's gonna be the judge  
Who's gonna cast the first stone  
Who'll settle up this grudge  
Who's gonna be the hangman  
Who's gonna be the judge  
Who's gonna cast the first stone  
Who'll settle up this grudge

It's so obvious the man is guilty  
Now tell me who is capable showing any pity  
Can anybody name the real assassin
