

# Magician

Jefferson Starship

He said  
You will look right into my eyes  
Repeat every word that I say  
You want some magic in your life  
My love is the only way

Magician  
Magician  
Ohh Magician  
Magician

His body moves behind my eyes  
Obsession grows  
It's a private show  
Magic man with a sleight of hand  
Disappearing right into my soul

Magician  
Magician  
Ohh Magician  
Magician

Whoaa Whoaa ohh

He's here again  
That magic man  
My eyes won't turn away  
Just like magnets pull me in  
I can't forget his face

Magician  
Magician  
Ohh Magician  
Magician

Whoaa Whoaa ohh  
Whoaa Whoaa ohh

I walk right up and said  
Take me take me take me  
No pride no shame, enchanted  
Call it a dream but don't wake me

Magician  
Magician  
Ohh Magician  
Magician

No matter how fast he goes  
Feels like slow motion  
Hypnotize me frame by frame  
Caught in my own dream paradise frozen

Magician  
Magician  
Ohh magician  
Magician

Whoaaa ohhh
