Jeffree Star

Hold the Fuck up
Black Eyed Peas and Jimmy Iovine
I know you weren't gonna talk about Boom Boom Pow
Without Jeffree-Fucking-Star
Listen up bitches...

Yo, I got that terminator twat
You can give me your cyborg load

So wet, it flows

Spit on it then sit
Obama's rubbin' my clit

In my pussy go zoom zoom wow
Boys know my labia got swagga

Make you start your period late
Vagina go boom boom boom
Ride it vroom vroom vroom

I'm on the supersonic boom
Fergie you pissed your pants
You need a De-pends costume

That small-fi stupid 8 shit
I'm on your boyfriends ass
This beat go boom boom fast

You're a queer when I turn you on
Into the future faggotron
Harder, quicker, mother fucker
Makes the boys extra longer

'Cause we got the meat that bounce
We got the future sound
We got the beat that 808

If you wanna get down
Put your tits in the air
