

# Eyelash Curlers And Butcher Knives

Jeffree Star

I'm a fucking star,  
I'm a fucking star

I got my hair fixed, makeup done, I'm ready to go  
Step in the club and you know I'm the show  
Diamonds in my teeth are always a' glow  
Blinded as I speak, mesmerized by my flow

You can't say no  
So lets go  
Let's go

Spit on the dance floor to know where you are  
Slip to the beat cuz you wanna go far  
Know you love  
And I love that I'm Jeffree Star

Spit on the dance floor to know where you are  
Slip to the beat drivin' in my pink car  
Know you love  
And I love that I'm Jeffree Star

Cameras are flashin', everyone's askin' what I'm gonna do tonight...  
Who I'm gonna do tonight...

We have our haircut, eyes shut we're already there  
Don't know their names an I don't really care  
Cuz I only suck dick and just to be fair,  
Your not on the menu, you'll never compare

Cameras are flashin', everyone's askin' what I'm gonna do tonight...  
Who I'm gonna do tonight...  
What I'm gonna do tonight...  
Ask Perez Hilton who I'm gonna do tonight...
