

# Miss Boombox

Jeffree Star

I feel nothing..

Look into my eyes  
So vicious  
Heels on high  
So infectious  
Social sickness  
Glitter and kisses

I will make you mine  
Malicious  
Take you from behind  
So vivid  
The lower you fall, the higher you'll climb  
Prepare the flash and let me die

Microphones and ice cream cones  
Drippin' down my collar bones  
Taste a piece of my bubble gum  
Everybody wants some (yum yum)

I like this..

Read between the lines  
You'll see it  
Cutting like a knife  
You'll feel it  
The lower you fall, the higher you'll climb  
Intoxicate and let me fly

Microphones and ice cream cones  
Drippin' down my collar bones  
Taste a piece of my bubble gum  
Everybody wants some (yum yum)

Poster child party girl  
Miss boombox make me swirl

Microphones and ice cream cones  
Drippin' down my collar bones  
Taste a piece of my bubble gum  
Everybody wants some (yum yum)
