You love the way that I roll The shoes, glam and the gold It's too much for your soul It's gonna leave you empty You need to fill the void You don't need Sigmund Freud I'll give you everything you want just let me take you home You can't resist all the glare You have to stop and stare You think you know me but you still can't wait to hear some more I'm like the phantom around you (I'll leave you breathless) Just count 1-2-3... I'll make you scream They say I'm picture perfect They say I'm oh-so-fine They see what's on the surface But not what's on my mind They say I'm picture perfect They say I'm oh-so-fine They see what's on the surface But not what's on my mind I'm all you want, I'm all you need You just don't know it But you see I'll make you love me, make you hate me There is no way out now You're in my trap, I'm in control There's no escape from the untold Just try to make it through the night Cuz there's no way out now I'm in your dreams, in your thoughts I'm in the atmosphere Your under pressure dear You'll soon be full of fear Don't let your vision distort You'll never find your way back When I'm around everything fades into black Don't dare to look in my eyes - I'd say it's rather unwise You see the beauty but you don't know that they hypnotize

You don't even know but you'll soon realize That I can change the way you think and what you idolize

They say I'm picture perfect They say I'm oh-so-fine They see what's on the surface But not what's on my mind

They say I'm picture perfect They say I'm oh-so-fine They see what's on the surface But not what's on my mind

I'm all you want, I'm all you need You just don't know it

But you see I'll make you love me, make you hate me
There is no way out now
You're in my trap, I'm in control
There's no escape from the untold
Just try to make it through the night
Cuz there's no way out now

I'm all you want, I'm all you need
You just don't know it
But you see I'll make you love me, make you hate me
There is no way out now
You're in my trap, I'm in control
There's no escape from the untold
Just try to make it through the night
Cuz there's no way out now

You know you can't stop looking at my glare I'll make your heart stop, love is in the air I'll make you mine, I'll take you anywhere

I'm all you want, I'm all you need
You just don't know it
But you see I'll make you love me, make you hate me
There is no way out now
You're in my trap, I'm in control
There's no escape from the untold
Just try to make it through the night
Cuz there's no way out now

I'm all you want, I'm all you need
You just don't know it
But you see I'll make you love me, make you hate me
There is no way out now
You're in my trap, I'm in control
There's no escape from the untold
Just try to make it through the night
Cuz there's no way out now

I'm all you want, I'm all you need
You just don't know it
But you see I'll make you love me, make you hate me
There is no way out now
You're in my trap, I'm in control
There's no escape from the untold
Just try to make it through the night
Cuz there's no way out now
