

# All Because Of You

Jeffrey Osborne

I was sitting up above the clouds  
Then one day you just came soaring by  
Foolish me, I hopped on for a ride  
Oh, why?

Then my life just took sudden turn  
It's hard to swallow but you live and learn  
I never felt the pain so deep, that burn  
So long

All because of you  
You turned me inside out  
You reached inside and shook my soul  
All because of you  
I can't get off the ground  
I was doing fine and then came you  
Then came you

I guess I should have looked before I leap  
Before I knew it I was in too deep  
With a, I felt with someone who would play for keep  
With my heart

Felt as though the sun may never shine  
At least for me not for a long, long time  
You made me so ashamed to think that I  
Was so blind

All because of you  
You turned me inside out  
You reached inside and shook my soul  
All because of you  
Hey, I can't get off the ground  
I was doing fine and then came you  
Then came you, oh

Yeah-yeah, baby  
I was doing fine and then came you

All because of you  
You turned me inside out  
You reached inside and shook my soul  
All because of you, baby  
Hey, I can't get off the ground  
I was doing fine and then came you

All because of you  
You turned me inside out  
All because of you  
I can't get off the ground  
I was doing fine and then came you

All because of you  
You turned me inside out

All because of you
