

# Plane Love

Jeffrey Osborne

I was living with a heartbreak  
Trying to make it with a dreamer  
Couldn't tell if it was too late  
Crying every time I seen her  
Then I met another a lady on the plane to California  
When we landed it was raining  
Told my baby let me warm

Ohh, Plane Love was all  
I needed to fall  
Plane Love was there  
With someone to share

I Didn't really want to get up  
Didn't really want to leave town  
Didn't want to go LA  
Nothing waiting but a come down  
Now I'm talking to an angel  
Looking at a real lady  
It doesn't feel like a stranger  
Like she's always been my baby

Ohh, Plane Love was all  
I needed to fall  
Plane Love was there  
With someone to share

I saw that feeling in her eyes  
The kind you never want to hide  
We searched for love in different ways  
This time I think it's gonna pay

Oohh Plane Love was all  
All I really needed to fall

Ohh, Could it really be the magic  
Could it really be the feeling  
Could I really be mistaken  
Am I standing on this feeling  
I been out of luck forever  
Then I never rolled a seven  
Then someone pull the lever  
And I ended up in Heaaaaven Yea

Whoa Ohh Plane Love was all  
I needed to fall  
Plane was there  
With someone to share

Ohh Plane Love was all  
I needed to fall  
Plane was there  
With someone to share

Met a pretty lady on a plane

oooohhh ohh

Now my life has never been the same

no no no

Ohh Plane Love was all  
I needed ooooooh

Met a little pretty lady on a plane

Oooohhh
