## 24

Been given 24 hours To tie up loose ends To make amends His eyes said it all I started to fall And the silence deafened Head spinning round No time to sit down Just wanted to Run and run and run Be careful they say Don't wish life away, Now I've one day And I can't believe How I've been wasting my time In 24 hours they'll be Laying flowers On my life, it's over tonight I'm not messing no I Need your blessing And your promise to live free Please do it for me Is there a heaven a hell And will I come back Who can tell Now I can see What matters to me It's as clear as crystal The places I've been The people I've seen Plans that I made Start to fade The sun's setting gold Thought I would grow old, It wasn't to be And I can't believe How I've been wasting my time In 18 hours they'll be Laying flowers On my life, it's over tonight I'm not messing no I Need your blessing And your promise to live free Please do it for me In 13 hours they'll be Laying flowers On my life, it's over tonight I'm not messing no I Need your blessing And your promise to live free Please do it for me

Jem

I'm not alone, I sense it, I sense it All that I said, I meant it, I meant it

And I can't believe How much I've wasted my time

In just 8 hours they'll be
Laying flowers
On my life, it's over tonight
I'm not messing no I
Need your blessing
And your promise to live free
Please do it for me

In just 1 hour they'll be Laying flowers On my life, it's over tonight I'm not messing no I Need your blessing And your promise to live free Please do it for me
