

# I Want You To...

Jem

Maria, salimos esta noche?

- Ay, no se.

Maria, igual encuentras un chico guapo.

- No se...estoy cansada.

¿Sabes que? Que vas a salir y será una gran noche.

Spinning round and I touch the ground

An' I, let go of my mind

Let the music take over my body

An' I start to unwind

Feel the heat as I rock the beat

An' I, see your sexy smile

Intense attraction, bodies like magnets

My, thoughts start to run wild

De arriba nace el amor

I want you to love me

I want you to touch me

I want you to know me

I want you to show me

I want you to love me

I want you to touch me

I want you to know me

I want you to...

Moving forward and arching back

With that, hot look in your eye

Up so close I can feel you touching me

No time to be shy

Head to head no I won't be lead

Well I, I'll put up a fight

Feel the bass, now my pulse is racing

And, I'm flying tonight

De arriba nace el amor

I want you to love me

I want you to touch me

I want you to know me

I want you to show me

I want you to love me

I want you to touch me

I want you to know me

I want you to...

De arriba nace el amor

I want you to love me

I want you to touch me

I want you to know me

I want you to show me

I want you to love me

I want you to touch me

I want you to know me (De arriba nace el amor)

I want you to show me

I want you to love me

I want you to touch me  
I want you to know me (De arriba nace el amor)  
I want you to...
