

I Want You To...

Jem

Maria, salimos esta noche?

- Ay, no se.

Maria, igual encuentras un chico guapo.

- No se...estoy cansada.

¿Sabes que? Que vas a salir y será una gran noche.

Spinning round and I touch the ground
An' I, let go of my mind
Let the music take over my body
An' I start to unwind
Feel the heat as I rock the beat
An' I, see your sexy smile
Intense attraction, bodies like magnets
My, thoughts start to run wild

De arriba nace el amor

I want you to love me
I want you to touch me
I want you to know me
I want you to show me
I want you to love me
I want you to touch me
I want you to know me
I want you to...

Moving forward and arching back
With that, hot look in your eye
Up so close I can feel you touching me
No time to be shy
Head to head no I won't be lead
Well I, I'll put up a fight
Feel the bass, now my pulse is racing
And, I'm flying tonight

De arriba nace el amor

I want you to love me
I want you to touch me
I want you to know me
I want you to show me
I want you to love me
I want you to touch me
I want you to know me
I want you to...

De arriba nace el amor

I want you to love me
I want you to touch me
I want you to know me
I want you to show me
I want you to love me
I want you to touch me
I want you to know me (De arriba nace el amor)
I want you to show me
I want you to love me

I want you to touch me
I want you to know me (De arriba nace el amor)
I want you to...
