

Tell It to My Heart

Jem

So what, what do I do
How to move on
How to forget about you?
You gave me your word
Get up off your knees
Stop begging me please

Well tell it to my heart
Cause it's trashed once again
And your sorrys cannot stop
All the hurt, all the pain

If I meant so much to you
Why would you risk
All that we had, all we've made
I don't know who you are
Just saying you're wrong
Does not change a thing, not anything

Well tell it to my heart
Cause it's smashed up again
Oh your sorrys cannot stop
All the hurt, all the pain
No, no, no

And I don't wanna hear
These excuses again
This life that we live
Is not a game

Well tell it to my heart
Cause you trashed it again
Oh yes you
And your sorrys cannot stop
All the hurt and the pain
No, no, no

Well tell it to my heart
Cause you smashed it again
Yes you did
And your sorrys cannot stop
All the hurt and the pain
No, no, no
