## Wish I

Baby, you're sailing today Baby, you're sailing away Sugar, wish I could go too But honey you know I'm happy for you

Wish I, I wish I, I wish I Wish I was going too

Baby, your ship has come in Baby, adventures will begin Sugar, don't you worry 'bout me Coz honey you know Want you to be happy

Wish I, I wish I, I wish I Wish I was going too

But if you find that you don't like it That the people there aren't inviting Or that city life is too frightening Won't you come home But if you find that you don't like it That the people there aren't inviting Or that city life is too frightening Won't you come home Please come home

Wish I, I wish I, I wish I Wish I was going too Wish I, I wish I, I wish I Wish I was going too Jem
