

Another Pop Song

Jenifer

They make us feel like movie stars
They can heal a wounded heart
'a girl meets boy'
'a boy meets girl'
The shy ones medium to be heard
Some will bug you
Some will please
Some will bring you an your knees
...nothing's new under the sun
Everything's been done

Just another popsong
(Yeah) (Yeah) (Yeah)
A bunch of catchy phrases and empty words
A fools attempt to save the world
... another popsong...
(Yeah) (Yeah) (Yeah)
(...)
... another popsong...

Sing 'em softly
Sing 'em loud
Do anything to please the crowd
Of broken hearts
Small reflections of who we are
... nothing new under the sun
Here's another one

Just another popsong
(Yeah) (Yeah) (Yeah)
A bunch of catchy phrases and empty words
A fools attempt to save the world
... another popsong...
(Yeah) (Yeah) (Yeah)
(...)
It's just another popsong
(Yeah) (Yeah) (Yeah)
empty words
Just another popsong

Some will make you feel alright
And you heal you
Some will even save your life
They bring you up when feeling down
They're always (they're always) around

Just another popsong
(Yeah) (Yeah) (Yeah)
Just another popsong
(Yeah) (Yeah) (Yeah)
Just another popsong
(Yeah) (Yeah) (Yeah)
A bunch of catchy phrases and empty words
A fools attempt to save the world
... another popsong...
