

Break Your Heart

Jennette McCurdy

ohh ohh

You stood there on that sidewalk
In front of god and everyone
You told me your goodbyes and i could've sworn i saw you smilin'
,
While i just keep mine done

All your friends
who watch the show
You wanted freedom
And now you don't

Well I'm gonna break
Break
your heart on the radio

I didn't wanna have to do this
Waste a perfectly good song
I'd rather be singing
About a love i can believe in
And not one that gone wrong
But it's all for you

yeah, its heart felt
You grow fine
Pay back his heall

Well I'm gonna break
Break
your heart on the radio

And your tellin' me
You don't want us to be over
But you better pull your cot over on the shoulders

I'm gonna break
Break
your heart

eah I'm gonna break
Break
your heart on the radio
Yea
On the radio
