

# Can We

Jennifer Chung

CHORUS:

Can we start again  
To when we first met?  
When our eyes set at each others gaze  
And our hearts went ablaze

CHORUS

Wasn't it painful?  
Painfully beautiful  
Now, there's no beauty  
No you, there's just me  
Now it's just painful... painful  
Now it's just painful... painful

CHORUS

Wasn't it painful?  
Painfully beautiful  
Now, there's no beauty  
No you, just me  
Now it's just painful... painful  
Now it's just painful... painful

Can we start again?  
Can we start again?
