

# What If It's Me

Jennifer Day

(Angela Koset/Robert Byrne)

Hello is anyone there  
Did you notice I cut my hair  
You use to like it like this  
Hey how 'bout those Braves  
And how 'bout a kiss

I'm shakin' I'm so afraid  
Your heart is light years away  
And you're just starin' through me looking for more  
What do you see

Just over there the grass is so green  
Out of your reach lay all of your dreams  
You're looking to find  
Your destiny  
What if it's me

Who was the one all along  
The greatest thing you did wrong

You've gotta see for yourself  
If there's somebody else

Just over there the grass is so green  
Out of my reach lay all of your dreams  
You're searching to find  
Your destiny  
What if it's me

I don't know what else to say  
You're going to leave anyway  
But if it's all a mistake  
And you want me someday  
I hope it's not too late

Just over there the grass is so green  
Out of your reach lay all of your dreams  
The love of your life  
Your destiny  
What if it's me
