

# Invisible

Jennifer Hudson

Seems like I'm not here, it's like I don't mean nothing  
Like glass, I'm clear almost like you can see straight through me  
I've got questions, but no answers, so tired of being confused  
And I don't wanna stay right here and die, gotta find my wings to fly

I gotta find me another way  
'Cause I don't wanna stay another day  
Time for a change in my life  
I've opened my eyes, I'm changing my life

And now I'm gonna live my life for me  
'Cause this ain't how it's supposed to be  
No more standing in the back of the line  
'Cause I'm invisible for the last time

Why can't you see me? Do I really even matter?  
You changed me completely and I remember how it used to be  
I've got questions, what's the lesson?  
I'm tired of being confused and now  
I'm gonna take my chance and fly, I'm taking back my life

I gotta find me another way  
'Cause I don't wanna stay another day  
Time for a change in my life  
I've opened my eyes, I'm changing my life

And now I'm gonna live my life for me  
'Cause this ain't how it's supposed to be  
No more standing in the back of the line  
'Cause I'm invisible for the last time

This can't be it for me, this can't be all I'm meant for  
And no more time to waste in this life, it's my time to shine  
No more feeling insufficient 'cause I'm gonna make my own decision  
It don't matter what you can or cannot see I am doing it for me

I gotta find me another way  
'Cause I don't wanna stay another day  
Time for a change in my life  
I've opened my eyes, I'm changing my life

And now I'm gonna live my life for me  
'Cause this ain't how it's supposed to be  
No more standing in the back of the line  
'Cause I'm invisible for the last time

Can you see me? I know you see me

No more standing in the back of the line  
'Cause I'm invisible for the last time  
No more standing in the back of the line  
'Cause I'm invisible for the last time
