

# Say It

Jennifer Hudson

Come on, girl!

I've been playing the fool for too long  
Giving the power of my love on loan  
Watching you all day long, watching you go  
And I can't take no more  
Baby I love you, baby I love you and I got to know  
Do you want me baby?  
Do you need me baby?

Then tell me I love you too (Tell me I you love too)  
Tell me you need me too (Tell me you need me too)  
Tell me you need my love (Say you need my love)  
Say I only want you (Say I only want you)  
If you love me say it (say it, say it)  
If you need me say it (say it, say it)  
If you want me say it  
If you need me say it  
Let me hear you say it

You know I give you the pulse of my back  
Pray for God to give you the things that you like  
Maybe I stay down, maybe I stay, maybe I got to go  
Baby I love you, baby I love you and I got to know  
Do you want me baby?  
Do you need me baby?

Tell me I love you too (Tell me I you love too)  
Tell me you need me too (Tell me you need me too)  
Tell me you need my love (Say you need my love)  
Say I only want you (Say I only want you)  
If you love me say it (say it, say it)  
If you need me say it (say it, say it)  
If you want me say it  
If you need me say it, let me hear you say

Come on, girl!

We can have the future, baby we can be in love  
We can have each other, but if best will be enough?

Tell me I love you too (Tell me I you love too)  
Tell me you need me boo (Tell me you need me too)  
Tell me you need my love (Say you need my love)  
Say I only want you (Say I only want you)  
Tell me I love you too (Tell me I you love too)  
Tell me you need me boo (Tell me you need me too)  
Tell me you need my love (Say you need my love)  
Say I only want you (Say I only want you)  
If you love me say it (say it, say it)  
If you need me say it (say it, say it)
