

Forever

Jennifer Lopez

(Forever, forever, forever, forever, forever)

You can stop the clock that wouldn't be time enough
You could let the light turn to morning
I still would be wanting more of your love
It just ain't enough days in a week
Weeks in a month
Months in a year
How can I make it clear
(I wanna be with you)
I wanna be with you
(And feel the heat with you)
And feel the heat with you
(I'm flying)
(I'm weightless)
I'm floating in the distance
(Don't rush it, be patient)
I'm gonna stop the hands of time I will

Follow me, follow me, follow me, follow me, follow me
If it feels like this it's gotta be right
Follow me, follow me, follow me, follow me, follow me
Don't let it be over tonight, over tonight
Follow me, follow me, follow me, follow me, follow me
If it feels like this it's gotta be right

Let's do it forever
We could do it forever
I could do this forever
I could do this forever

Forever
Forever
Forever
Forever
Forever

Give me all your life
And I'd ask you for even more
You can't offer me a part of your body
Because honestly
It's just not enough anymore
Let's get lost in the moment
You know you want it
What you waiting for?
(I wanna be with you)
I wanna be with you
(And feel the heat with you)
And feel the heat with you
(I'm flying)
(I'm weightless)
I'm floating in the distance
(Don't rush it, be patient)
I'm gonna stop the hands of time I will

Follow me, follow me, follow me, follow me, follow me
If it feels like this it's gotta be right

Follow me, follow me, follow me, follow me, follow me
Don't let it be over tonight, over tonight
Follow me, follow me, follow me, follow me, follow me
If it feels like this it's gotta be right

Let's do it forever
We could do it forever
I could do this forever
I could do this forever

Forever
Forever
Forever
Forever
Forever

Can you tell me what it is
You're waiting for?
Can you tell me what it is
'Cause I don't know
(Let's go)
Come on baby just take my hand
(Let's go)
Why you lookin' like you don't understand

(Let's go)
That's it, I'm gonna make this easy

(Let's go)
And that ain't me, believe me
But just...

Follow me, follow me, follow me, follow me, follow me
If it feels like this it's gotta be right
Follow me, follow me, follow me, follow me, follow me
Don't let it be over tonight, over tonight
Follow me, follow me, follow me, follow me, follow me
If it feels like this it's gotta be right

Let's do it forever
We could do it forever
I could do this forever
I could do this forever

Forever
Forever
Forever
Forever
Forever
Forever
Forever
Forever

Let's go

Forever...

Let's go

Forever...
