

# Forever

Jennifer Lopez

(Forever, forever, forever, forever, forever)

You can stop the clock that wouldn't be time enough  
You could let the light turn to morning  
I still would be wanting more of your love  
It just ain't enough days in a week  
Weeks in a month  
Months in a year  
How can I make it clear  
(I wanna be with you)  
I wanna be with you  
(And feel the heat with you)  
And feel the heat with you  
(I'm flying)  
(I'm weightless)  
I'm floating in the distance  
(Don't rush it, be patient)  
I'm gonna stop the hands of time I will

Follow me, follow me, follow me, follow me, follow me  
If it feels like this it's gotta be right  
Follow me, follow me, follow me, follow me, follow me  
Don't let it be over tonight, over tonight  
Follow me, follow me, follow me, follow me, follow me  
If it feels like this it's gotta be right

Let's do it forever  
We could do it forever  
I could do this forever  
I could do this forever

Forever  
Forever  
Forever  
Forever  
Forever

Give me all your life  
And I'd ask you for even more  
You can't offer me a part of your body  
Because honestly  
It's just not enough anymore  
Let's get lost in the moment  
You know you want it  
What you waiting for?  
(I wanna be with you)  
I wanna be with you  
(And feel the heat with you)  
And feel the heat with you  
(I'm flying)  
(I'm weightless)  
I'm floating in the distance  
(Don't rush it, be patient)  
I'm gonna stop the hands of time I will

Follow me, follow me, follow me, follow me, follow me  
If it feels like this it's gotta be right

Follow me, follow me, follow me, follow me, follow me  
Don't let it be over tonight, over tonight  
Follow me, follow me, follow me, follow me, follow me  
If it feels like this it's gotta be right

Let's do it forever  
We could do it forever  
I could do this forever  
I could do this forever

Forever  
Forever  
Forever  
Forever  
Forever

Can you tell me what it is  
You're waiting for?  
Can you tell me what it is  
'Cause I don't know  
(Let's go)  
Come on baby just take my hand  
(Let's go)  
Why you lookin' like you don't understand

(Let's go)  
That's it, I'm gonna make this easy

(Let's go)  
And that ain't me, believe me  
But just...

Follow me, follow me, follow me, follow me, follow me  
If it feels like this it's gotta be right  
Follow me, follow me, follow me, follow me, follow me  
Don't let it be over tonight, over tonight  
Follow me, follow me, follow me, follow me, follow me  
If it feels like this it's gotta be right

Let's do it forever  
We could do it forever  
I could do this forever  
I could do this forever

Forever  
Forever  
Forever  
Forever  
Forever  
Forever  
Forever  
Forever

Let's go

Forever...

Let's go

Forever...
