

# Invading My Mind

Jennifer Lopez

[Chorus]

It's invading my mind  
And breaking the ice  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight  
I can't fight it  
It's taken, invaded my, my mind

[Verse 1]

Can't decide  
Can't define  
What I feel inside  
It's so bad, it's still good  
Prefer and love?  
It's a rush, it's so rough  
This is out of line  
It's a storm and it rock, rock, rocks my mind  
My Destiny, misery  
This energy

[Chorus]

It's invading my mind  
And breaking the ice  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight  
I can't fight it  
It's taken, invaded my, my mind

My mind, my mind  
This feeling's invaded my mind

My mind, my mind  
It's taken, invaded my, my mind

[Verse 2]

Like a rock  
Wrecking ball  
Crashing block block block  
I'm defenseless, it penetrates my walls  
Freezing cold, steaming hot,  
Sweaty drip-drip-drop  
It's unstoppable, I can't shake it up

My destiny, misery  
This energy

[Chorus]

It's invading my mind  
And breaking the ice  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight  
I can't fight it  
It's taken, invaded my, my mind

My mind, my mind  
This feeling's invaded my mind

My mind, my mind  
It's taken, invaded my, my mind

[Bridge]

It's taking me down  
And getting my high  
It brings every fantasy to live  
It's getting so loud  
Out here, all around  
I just can't fight

[Chorus]

It's invading my mind  
And breaking the ice  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight  
I can't fight it  
It's taken, invaded my, my mind
