Barenaked

Jennifer Love Hewitt

Do you ever have that dream where you're walking naked down the street and everyone just stares Do you ever feel so deep that you speak your mind to put others straight to sleep You wonder if anybody cares Sometimes I think I'm the only one whose day turned out unlike it had begun

And I feel bare naked And I just can't take it I'm getting jaded No I just can't fake it anymore 'Cuz I'm bare naked And I know life's what you make it Wish I could float away to some other day

You ever go downstairs to start your day but your car's not there Yeah you know the joke's on you You ever try your luck with a pickup line But you just sucked You tell yourself it wasn't you And I know it's hard to hold it inside It's days like these I run and hide

When I feel bare naked And I just can't take it I'm getting jaded No I just can't fake it anymore 'Cuz I'm bare naked And I know life's what you make it Wish I could float away to some other day

It's all a state of mind but I don't mind trying to find a way to keep my head above the mess I make what the world creates sometimes it feels so good to let it all fall as the world fall I may fall we all may fall and then the world comes tumbling down down down down

I'm bare naked And I just can't take it I'm getting jaded No I just can't fake it anymore 'Cuz I'm bare naked And I know life's what you make it Wish I could float away to some other day When I feel .. feel (bare naked) .. feel When I feel .. Yeah no no no ..
