Ben

Jennifer Love Hewitt

Ben, the two of us need to look more We both found what we were looking for With a friend to call my own I'll never be 'alone And you my friend will see You've got a friend in me You, you're not wanted anywhere If you ever look behind And don't like what you find There's something you should know You've got a place to go

I use to say I am me Now its us Now its we

Ben, most people would turn you away I don't listen to a word they say They don't see you as I do I wish they would try to I'm sure they'd think again If they had a friend like Ben like Ben-a-friend like Ben
