

## Fly Away Like Always

Jennifer Love Hewitt

Birds fly, fly away like always  
I just standin' here to see you  
flying pass me above my head  
Why you always pass me like you  
really don't like people  
So birds fly, fly away like always  
You should that I don't get hurt  
and I have angels around me  
It doesn't matter its a Sunday  
in Spring so don't fly pass me  
I just a nice person that likes birds  
So fly, fly, fly away like always  
Fly away like always  
You know the birds is coming back  
so you better be proud but I know  
I am  
So follow the birds anywhere than  
stop and say "Spring, Birds, Fly  
Away Like Always"  
So be glad we have birds is  
back because this is spring  
and the bird need to come  
back if you don't want the birds  
come back then ruin back home and  
stay in until you see any birds is out  
So  
You are big fat chicken because you are  
scarie' of plan birds and you understand  
with a pet bird and if you have a pet  
bird then why you ran away from the birds  
that live outside  
So won't you stay here watch the birds pass  
you because it pass many times so belive me  
whatever I say and I don't care you tell  
Fly away like always
