

# The Greatest Word

Jennifer Love Hewitt

I know you and you know me  
We've got a special kind of lovin' it seems  
But sometimes I, I wonder why  
You never tell me what you're feeling inside

'Cause even though we're young  
What we've got is strong  
Still I need to know  
I need to hear you say it 'cause

Love is the greatest word  
Don't hold it in  
You've got to let it be heard  
Baby, love is the greatest word  
Don't let it go unspoken  
Don't let this heart be broken

You can bring me wine and valentines  
Take me away to a paradise  
To a paradise  
But that simple word  
The sweetest I've heard  
It means much more than anything in the world

So open up your heart  
Tell me what's inside  
When it comes to that emotion  
It's too easy to hide

Baby, love is the greatest word  
Don't hold it in  
You've got to let it be heard  
Baby, love is the greatest word  
Don't let it go unspoken  
Don't let this heart be broken

Even though  
I read it in your eyes  
I feel it in your kisses  
I've still got to hear it

No need to shout  
Whisper the word  
Let it be heard  
Baby, won't you tell me you love me  
Let me know how you feel  
Baby, love is the greatest word

'Cause even though we're young  
What we've got is strong  
Still I need to know  
I need to hear you tell me you love me  
Tell me that you love me

Baby, love is the greatest word  
Love is the greatest word  
Don't hold it in

You've got to let it be heard  
The sweetest of them all  
Baby, love is the greatest word  
Don't let it go unspoken  
Don't let this heart be broken

You've got to tell me what's inside  
Tell me that this love's alive  
Yeah, yeah

Love is the greatest word  
So don't let it go unspoken  
Don't let this heart be broken
